Hampshire Model 175  
Insulated Steel Raised Panel Garage Doors

**Premium Energy Efficient  
Polyurethane Insulated Doors**

World Class Quality  
Local Availability

# Hampshire Model 175 Insulated Steel Garage Doors

The Hampshire Model 175 offers homeowners, as well as home builders, the classic elegance of raised panel doors, one of the industry's highest insulation values, and the strength and practicality of pre-finished steel. This is a premium, highly energy efficient door featuring a calculated insulation value of R-16.

## Three layer construction with a CFC-free polyurethane core and full 26 gauge steel skins inside and outside

- 1-3/4" thick (through the end caps) steel sandwich construction using a polyurethane insulating core with an R-value of 16
- Interior and exterior skins are hot-dipped, galvanized steel, prefinished with a primer, and baked-on polyester top coat

- Sections have a thermal break and dual weather seal between them for tight closure and energy efficiency
- Finely detailed embossed wood grain surface available in short (Colonial) or long (Ranch) raised panel designs, as well as a flush panel that will complement a wide range of architectural styles
- Three layer construction provides exceptional strength and a substantial, solid feel during operation

## Sizes

Standard widths:  
8', 9', 10', 16', and 18'  
Special order widths are available up to 20'.

Standard heights:  
6'6", 7', 7'6" and 8'

Panel arrangements vary according to section width.

## WINDOW OPTIONS

Garage door windows have a great deal to do with the overall look of any garage door. General Doors' Hampshire doors are available with either two windows (long panel) or four windows (short panel), plus several distinctive design trim styles that work with a variety of architecture. Wider doors have different layouts. Color matched frames and design trim inserts that snap-in and snap-out for easy glass cleaning are standard. Hampshire windows are either single or insulated glass.

405 Sunburst Short Panel (16' wide doors only)

405 Sunburst Long Panel (16' wide doors only)

## Door Colors

ARCTIC WHITE

ALMOND

DEEP BROWN

SANDTONE

Hampshire is available in four color choices. Although doors should not need repainting, if a custom color is required, our paint system provides an excellent base for any field applied paint.

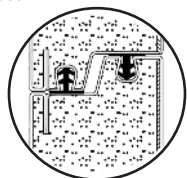

## Top Quality Hardware

Heavy-duty track with a unique elliptical curve reduces the force necessary to roll the door along the track, making opening and closing easier and smoother. Commercial grade galvanized hinges and quiet heavy duty nylon rollers offer superior strength and years of trouble-free operation.

# There's a Hampshire Door for Every Garage

Weather-tight section joint is a 3/8" deep ship lap joint with dual, between-section seal
